Re: Tuition Student Request

Cc: Jen Davidson, Tim Williams

---

As we discussed, Mr. David Stoudt has requested permission for his daughter to attend MTHS for the 2015-16 school year. After reviewing Board Policy 202 and existing guidelines, it does appear that our practice is to allow such tuition agreements.

I will ask Jen to place this item on the Board Agenda for approval. I understand Mr. Stoudt does have an appointment next week, please allow him to complete all paper work in order to be ready in the anticipated approval by the Board of Directors.

At this point, the high school does have room to enroll his daughter. I am expediting this request, as there are some programing needs to address with our counselors. Please direct him as to the methodology of payment.

Please let me know if you have any questions.

Thank you,

John
