

January 2, 2019 Student Parking Transition

The student parking transitions that we have been anticipating due to the Middle School Construction Project are upon us. Beginning on January 2, 2019, the Band Parking Lot between the Middle School and High School will be closed for construction. The closing of this lot necessitates the shifting of middle school staff, high school staff, and students. The following changes will go into effect beginning January 2, 2019, when students and staff return from winter break. [All changes are reflected on the campus map provided.](#)

- Students who have been parking in the **Band Lot** with parking permit numbers #1-130 will begin parking in the Baseball Lot.
- Students with parking permit numbers #201-270 may remain in the **Arena Lot**.
- Students with parking permit numbers #271-300 will begin parking in the **Mixed Use Lot** (staff and students) in the front of the building near the baseball field. These students are being notified directly of this change.
- Students parking in the **Small Arena Lot** will continue to park there.
- Students with permit numbers not identified above will be reassigned/returned to other parking lots as availability allows. These students are being notified directly of this change.

It is extremely important that students park in their assigned lots beginning January 2, 2019. There will be no warnings issued for students parking in an unassigned lot or parking without a valid permit. Thank you for your flexibility through the construction process.
