

MTSD iPad Protection Plan

The Manheim Township School District offers each student the opportunity to protect district-owned iPads issued to students as part of the 1:1 Mobile Learning Initiative. Prior to purchasing an Optional iPad Protection Plan, please read through the Student iPad Handbook to understand the responsibilities in the care and use of the iPad. This optional plan protects the iPad against accidental damage (drops/spills). This protection plan will assist with replacement cost coverage and protect the iPad on and off school grounds.

MTSD iPad Protection Plan:

- **Non-Refundable Yearly Fee: \$10.00** per child (No Cost to Participants of Free/Reduced Lunch Program)
- **Limits of Liability:**
 - The Protection Plan can be used for two separate incidents of damage with a total coverage of \$300.00. Restated, the Plan expires after three incidents or \$300 in damage, whichever comes first.
 - Four or more incidents of damage in a school year are completely the responsibility of the student/guardian. A second protection plan may not be purchased in a single school year.
 - **Example:** A student damages an iPad that requires \$150 of repairs; the student would not be responsible for any costs at that time, and the student would have \$150 of coverage remaining. The same student damages his/her iPad a second time that requires \$200 of repairs. This would exceed the remaining coverage available by \$50 which would need to be paid by the student/guardian. The student would have no coverage available for the remainder of the year.

Maximum Replacement Costs Without Protection Plan:

iPad	\$390.00
Charger Brick	\$19.00
Charger Cable	\$19.00
Case	\$50.00

Effective Date of Coverage:

*MTSD Optional iPad Protection Plan must be purchased within **30 days** of receipt of iPad. Protection begins upon receipt of iPad Protection Plan payment and ends on the last student day of the academic year, or upon graduation or withdrawal from MTSD, whichever comes first.*
