What if you had the opportunity to learn to avoid an accident on a slalom driving course? Or learn to safely recover control of a vehicle skidding on wet pavement? If you could have this actual behind the wheel training with a professional driver in the car guiding you through the proper steps and could practice it several times, would you want to do it? FOR FREE!! The Manheim Township Lions Club is sponsoring this opportunity for any of our students age 16 - 19 who are licensed drivers. The course is normally \$99 for a 4 hour training session - 1 hour of class and 3 hours of behind the wheel actual training in accident avoidance, panic stopping, car control skid recovery and more. The Lions Club has given Mrs. Mitchell 30 vouchers to take this course for FREE on April 6th or 7th at the Manheim Auto Auction. If you are interested, just stop by the main office and ask for a voucher. You need to know that this program costs the Lions \$99 for each student voucher, so you will need to give them a check when you register to hold your seat. When you show up for the training, though, they will give you your check back. If you do not show, they will cash your check to cover their cost of the empty seat. For more information, you might want to go to YouTube and check out the Manheim Safe Driving Project. Vouchers will be available until all seats are filled. Administration
